PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

25X1A This installation includes Krasnodar Army
25X1A Barracks South [REDACTED]
25X1A [REDACTED] and Krasnodar Army Barracks UL
25X1A [REDACTED] which
cannot be distinguished from each other on
photography. The Krasnodar Railroad Bridge
over the Kuban River [REDACTED] is
approximately 1.6 kilometers (km) south (Fig-
ure 1).

The area covers approximately 19 acres
and contains 1 probable barracks, 1 possible

school, 1 possible vehicle storage building, 2
general storage buildings, 3 miscellaneous
buildings, and 6 residences. The entire area
is surrounded by a wall and another wall
separates the possible school building from
the service facilities (Figures 2 and 3).

[REDACTED] missions of interpretable quality KEY-
HOLE photography covered the area between
[REDACTED] During that
period there was no apparent change in the facili-
ties and no significant activity was noted.

DESCRIPTION OF INSTALLATION

Railroad Service

The installations have access to Krasnodar
rail facilities.

Road Service

City streets service the installations.

Administrative and Troop Housing Areas

Area D1 contains 6 residences and a
support building.

Area D2 contains a multistory, multiwing
possible military school, which may also con-
tain quarters, and a general support building.

Area D3 contains a multiwing probable

barracks, a general storage building, and a
general support building.

POL Storage Area

A large tank farm is located approxi-
mately 1 km south-southeast.

Equipment Storage/Maintenance Area

Area J contains a 45- by 115-foot vehicle
storage building and a general storage building.

Athletic Field

Area K is an athletic field.
